

# PORTFOLIO CANE INDUSTRY

SINCE 1984

[www.bio-tec.net](http://www.bio-tec.net)

## Biodigesters RAC lagoon type

for vinasse and sugar cane sludge

## Evapo-dryers of methanized vinasse

- using the gas generated by the methanisation of the vinasses
- up to dry fertilizer for sale by packages or by bulk product

## Composting Plant

- by frontal and lateral turning
- by forced ventilation
- for sugar cane sludge with/without concentrated vinasses

## Biodigesters RAC/RAFAC tank type

for factory wastewater, vinasses and sugar cana sludge

## Organic Fertilization

(Monitored Organic Liquid Fertilization)

Application engineering in the field of sugar cane sludge and vinasses

**Integral management of agro-industrial organic matter**
