

RAC-T BIODIGESTERS

for biogas flaring

The best solution at the lowest cost

MODEL: RAC-T

- **COST:** Lowest Investment and O&M cost for biogas flaring
- **COMPACT:** Less than ½ ha (tank-based)
- **EFFICIENT:** BOD removal higher than 85%
- **STABLE COMBUSTION:** Reliable flare (8 meters height)
- **LOW ELECTRICITY CONSUMPTION:** less than 30 kW
- **AUTOMATED:** No operator is required
- **MONITORED:** Data captured + automatic reports
- **RAPID TO INSTALL:** less than 6 months
- **CORROSION-PROOF:** Bolted glass-fused steel tank

BIOTEC REFERENCES:

- **World leader:** in POME treatment and valorization (biogas / biofertilizer) since 1988
- **Biogas plants:** more than 100 units designed, built and operated since 1984
- **POME biogas plants:** 28 units designed, built and operated since 1988 (50% in Latin America)
